

Environmental Spotlight

Author: kp

We are proud to recognize the **Leominster Electric Service Center** and **Patchogue Operations Center** facilities for demonstrating exceptional Environmental Excellence in the third quarter of FY18.

Congratulations to the recipients this quarter! Let's all continue to do our part to improve the environment.

"We only have one environment and we need to take care of it. If we all do our part, we can easily conserve our environmental resources." – **Ray Tremblay**, Material Handler B, tores Department, Leominster Electric Service Center, MA

"We are always keeping our eyes open to ensure we keep the environment and our people safe." – **John Canning III**, Gas Field Operations, Patchogue Operations Center, NY

About the Awards:

The Environmental Excellence Awards were established in FY18 as a way to recognize National Grid Facilities that demonstrate a high-level of environmental compliance each quarter. Facilities are selected by the National Grid Environmental Team and must meet all environmental requirements for the quarter including:

- Completing all required environmental inspections on time
- Ensuring waste is managed properly
- Ensuring all petroleum tanks and waste drums are properly labeled and maintained
- Verifying all oil or chemical releases are properly remediated
